GROWING REMARKABLE PEOPLE

Dear Parents/Carers

RE: VOCATIONAL STUDENT ATTENDANCE IN TERM 4

All Year 11 Vocational students are expected to attend Australind Senior High School until the end of Week 7, Term 4. This will allow students to complete required units of competency for Certificate courses, and complete any outstanding assessment tasks in their General courses.

Students studying **Year 11 ATAR Mathematics Applications** will be required to sit this exam on **Monday 24 October**. Students will not be required to attend school on the day of their Maths exam, but will be required to attend all other days. Students are required to attend in school uniform and arrive early. This exam will be conducted in **EW 3 and 4** unless advised otherwise.

Vocational students studying **ATAR Mathematics Applications** will receive exam feedback and begin lessons for Year 12 Mathematics Applications from **Monday 31 October**. Classes will continue with the Year 12 program until **Friday 25 November**, which marks the last day of school for all Year 11 students.

By beginning the Year 12 program early for Mathematics Applications we believe that students will be better prepared, have more time to complete their course and thus have more revision time toward the end of 2023. Consequently, these 4 weeks will be a period of formal study with an assessment component that will comprise a part of their Year 12 course grade.

Students that are not continuing with their current courses or at risk of not completing Year 11, will need to meet with myself, Mr Hillier or Mr Blackmore to discuss what they need to do to best prepare for 2023. You may also be asked to attend a meeting at the school to discuss a plan of action.

I have attached the resource list requirements for Vocational courses to this letter. It would be desirable if your child is studying **Year 12 Mathematics Applications** to have this Year 12 book arrive by the **Monday 31 October**, before Year 12 course commencement, so orders will need to be made to Champion Educational Supplies by **Friday 7 October 2022**. All other course requirements can be purchased at a later date.

Should you have any questions in regards to any of the points covered in this letter, please feel free to contact me on 9797 4400.

Yours sincerely
